**MAYOR NAMES
NEW ASSESSOR** **QUIT JOB ON
NAVY DERRICK**

Before starting on his vacation, Mayor Fitzgerald learned that the Board of Assessors had approved the list of first-assessment assessors submitted by him. Announcement of the names shows that all the supporters of former President James Buchanan of the Democratic City Committee have been ignored and friends of the Mayor appointed.

The wrecking company which undertook the contract for raising the big seventy-ton anchor along with the old ship at the Charleston Navy yard some months ago, has abandoned the job as fruitless. The navy yard authorities will seek for an estimator for completing the work from several big companies of other cities.

PROVIDENCE, Feb. 18.—A threatening fire created a scare in the heart of the department store and dry goods district at Westinluster and Mathewson streets. Two alarms were sounded and the firemen had a brisk fight against the flames before the blaze was under control.

The fire started in the building at Nos. 303 and 305 Westinluster street, which extends back for some 150 feet to Woodlawn. The flames were first noticed on the third story, but they quickly spread to the fourth floor and the roof, the latter being badly burned.

The heaviest loss was to the establish-

Elec-tro-la is the remarkable new hair-remover which does more than merely kill

the surface hair. It goes to the hair roots, destroys them absolutely and forever.

Besides this, Electro-ia, instead of burning or reddening the skin as other hair-removers do, leaves the skin fresh and soft, so nobody can ever tell you have been using anything. Whether the superfluous hair is of light or heavy growth, Electro-ia will destroy it immediately and permanently.

Even light fuzz makes a woman look coarse. Heavy growth is humiliating, and is Cupid's worst enemy.

Make your face, arms, hands, shoulders

neck and bust look clean and exquisite by using Elee-tro-in.

MAYOR BRINGS JOY TO CAPITAL

WASHINGTON, Feb. 18.—All Washington is bubbling with harmony, swelling with joy and flooded with rich, warm sun today. Within a few moments after the arrival of Mayor Fitzgerald of Boston the distant strains of "Sweet Adeline" were audibly being thrummed through the broad corridors of the Capitol, while from the high seats of "only they" waited toward the top of Washington monument.

Democracy alone was a holiday aspect. The Mayor of Boston was on his way to the White House to pay his respects to his great and good friend President Taft, and at the executive mansion the Tafts were broadened visibly as swift couriers brought tidings of the brilliant of the Fitzgerald progress. Clunkers and choruses emanated at short intervals from the President as he thought up little merry quips and jokes wherever to greet the distinguished visitor. As Mr. Taft revealed his last encounter of person with the Mayor at the St. Nicholas aviation meet last summer, after Mr. Fitzgerald had taken a flight, he chuckled, chuckling.

"That was the time he put me over on me," he murmured. "Let's see, it was something like this:

"Mr. Mayor, aren't you afraid to go in one of those machines?" said he.

"No, Mr. President," says he. "The only machine I'm afraid of is the Republican machine. Ho, ho, ho!"

The effect of the party was to accompany the Mayor and his daughter to Palm Beach next week at the station on the arrival of the Federal express from Boston. They are Chairman John F. McDonald of the Democratic State Committee of Massachusetts and Mrs. McDonald, President Joseph A. Maynard of the Boston Democratic City Association, James V. Fitzgerald, his brother, A. T. Towner and Thomas Martin. The party leaves for Florida tonight.

Munn of Washington and Massachusetts, and Benjamin Boardman, Harvard, son of Jennie Boardman of Boston, and a daughter of the Senator, Mr. Boardman, and his wife, Mrs. Boardman, were married in Washington today, Eugene V. R. Taylor, a classmate of the bridegroom, is best man. The brides are John S. Ames, Arthur Adams, James Jackson and Richard Holbrook Boardman, all of Boston; O'Connell Hillen of Baltimore, representative of the bridegroom, and Charles A. Munn, Jr., a brother of the bride, are bridesmaids. The bride's sister-in-law, Mrs. Munn, is the bride's sister-in-law.

MOROK COMING TO FLY OVER BOSTON

Charles I. Campbell, manager of the Airship show, which opens Monday night in Mechanics' Building and will continue there all next week, received word today from Charles Morok, the aviator, that he is trying to reverse his aeroplane from the Hudson River in order to arrive here in time to fly over Boston next week. Morok started on a flight from the Jersey side in Central Park, New York. While a thousand feet in the air, his motor stopped and he was forced to drop into the river. Mr. Morok, who had been in the air, said that he feels sure that he will have reversed his aeroplane and fly in time to come to Boston and fly over the city next week.

LOCOMOTIVE JUMPS TRACK INTO PIT

Two men had a narrow escape from serious injury today when a New Haven engine that was backing into the roundhouse at Jotham jumped the track and dropped into the tarantula pit. The engine, M. C. 204, of No. 68 Wyman street, Jamaica Plain, jumped from the rails. Engineer John Murray of Jotham stuck to his post. Beyond being badly shaken, neither was injured.

NEW HAVEN, C. Feb. 18.—Charles M. Daniels, 22, 5 seconds, recently established a new world's record for swimming 130 yards in an exhibition against J. H. Kelly of New York, at the Yale Columbia pool. He covered the distance in 22 minutes 25 seconds.

DECIES TAKES BRIDE ABROAD

NEW YORK, Feb. 18.—While hundreds of persons cheered them, Lord Decies and his bride, who was Miss Virginia Gould, daughter of Mr. and Mrs. George Gould, sailed for Europe on the Cunard line's Carnarvon.

The young Lady Decies, who had just ended her wedding journey, seemed very happy. She wore a little light-colored dress to her mother and father. Her parting words were:

"I am sorry to leave America. How can I help feeling so when it is the place of my birth, and the place where my father and mother and brothers and sisters live. We plan to return to New York. But I suppose the newspapers and everyone else will be glad to get rid of us."

On the Carnarvon the bride and groom were met by a large number of friends. Lord Decies, with his customary air of good fellowship and vigor, said: "I am sorry to leave America. How can I help feeling so when it is the place of my birth, and the place where my father and mother and brothers and sisters live. We plan to return to New York. But I suppose the newspapers and everyone else will be glad to get rid of us."

"I am not glad," was the reply, "to leave America. How can I help feeling so when it is the place of my birth, and the place where my father and mother and brothers and sisters live. We plan to return to New York. But I suppose the newspapers and everyone else will be glad to get rid of us."

Going to Egypt

The wife and the couple accept him been reserved for their use for several weeks, and is one of the finest water in the world. They will leave for Egypt in the spring.

Lord Decies, with his customary air of good fellowship and vigor, said: "I am sorry to leave America. How can I help feeling so when it is the place of my birth, and the place where my father and mother and brothers and sisters live. We plan to return to New York. Return May First

Both Lord and Lady Decies are looking forward with a great deal of interest to their trip through France's lands, and as there are already many English people of title in Egypt, besides numerous Americans, they are expected that the couple will be feted all along the line.

The couple will return to London by the first of May, when they will take possession of their new London home. Lord Decies has been for the coronation ceremony. Lady Decies will extend her stay in London for a few days after the coronation, and then will go to her home in Wallingford, Oxfordshire, where she will stay for a few days. The couple will then go to their home in Wallingford, Oxfordshire, where she will stay for a few days. Continued from First Page.

Q—Did you visit the Cusumano home?
A—Yes. I did. I found a number of blood spots on the floor and on the plaster.

Woman's Shoes in Court.

Q—Now I show you a pair of woman's shoes found under the bed in the Cusumano home. What about the shoes?
A—There were dark brown spots on the heels of the shoes. The spots were of human blood, and the blood dried.

Clothing Found in Woods.

The skirt and the woman's bathing suit were found in a bundle of sticks in the woods under the house. The man's bathing suit was found in the Cusumano home.

Professor Whitney testified that the spot on the skirt was by far the largest spot of blood.

Professor Whitney was then shown the Sunday supplement of the AMERICAN, dated August 25, 1910. The supplement carried a story of the trial of the Cusumano case.

Whitney Cross-Examined.

This was done by the prosecution of Professor Whitney. He was then cross-examined by Lawrence Tracy.

DISMISS FOOD FOR CHILDREN

The State Congress of Maine at Wat-

more today after a session devoted to the consideration of a bill to prohibit the sale of food to children.

The bill was introduced by Representative H. W. Schofield, who presides in the Cusumano case.

The bill provides that no person shall sell or give food to any child under the age of ten years.

The bill also provides that any person who violates the law shall be fined not more than \$100.

The bill was passed by a vote of 100 to 0.

DRIVES A BAD COLD OR THE GRIPPE FROM YOUR SYSTEM IN A FEW HOURS

The most effective and harmless way to cure the Grippe or break a severe cold, either in the head, chest, back, stomach or limbs, is a dose of Paine's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel the cold breaking and all gripe symptoms going after the very first dose. It promptly relieves the most miserable headache, neuralgia pains, dullness, head and nose stuffed, sore throat, sneezing, sore throat, running of the nose, soreness, stiffness, and rheumatic aching.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure a cold or cold-grippe misery as promptly and without any other assistance or bad after-effects as this 25-cent package of Paine's Cold Compound, which any druggist in the world can supply.

After three years' research we have conclusively demonstrated that quinine is not effective in the treatment of colds or gripe.

Harvard and Yale line up at St. Nicholas Park in New York tonight for the hockey season between these two colleges. Owing to speed and cleverness shown by both teams on the ice this year the game tonight promises to be the hardest fought yet in the series since 1916 and 1917 in which Harvard won.

Association has notified the hockey manager that all games already played and future games on the schedule would be forfeited because of the unsportsmanlike conduct of the players.

This action was taken after the announcement that Newton High would probably protest the recent Brookline victory.

BOSTON AMERICAN

80 AND 82 SUMMER ST., BOSTON, FEBRUARY 18, 1911

**What 1,500,000 Other People
Want You Should Have Also—
If You Miss It the Loss Is Yours**

This is to be a very short and plain talk. What 1,500,000 other people WANT YOU should have also.

And this refers to the Sunday AMERICAN, which is read in New England by over 1,500,000 people. This is a colossal reading family.

The Sunday AMERICAN is pre-eminently the great Sunday newspaper. Perhaps you are already numbered among the Sunday AMERICAN readers. If you are not, this is a polite invitation for you to begin to-morrow.

And you will find the Sunday AMERICAN the best newspaper ever published in Boston. In circulation it has quantity and quality—masses and classes. It goes everywhere. It is read in the homes of the rich and in the homes of the very poor.

There is something in it for persons of every taste. There are wonderful features that no other newspaper in New England can obtain at any price. There are pictures that can be reproduced only on the AMERICAN'S marvelous presses. There is given the work of the great black and white artists in the world. If there is sentiment in you, you will find many good articles that will last you for the entire week.

The City Life Section of the AMERICAN is the greatest novelty in American journalism. There is nothing like it published in any other newspaper in New England. It is an entire section filled with humorous pictures, good jokes and up-to-date reading matter.

The AMERICAN'S Sunday Magazine Section is admittedly the Sunday magazine of the entire country. Its illustrations are superb. Its reading matter is furnished by the best writers.

There is a Foreign Section that gives the latest news by cable from every European capital. The AMERICAN'S correspondents in Europe are the best known and the ablest that can be obtained.

The Sporting News Section is unmatched by any other sporting news section in New England or in the entire country.

And the Main News Sections, containing the latest happenings the world over, are so far superior to its contemporaries that comparisons would be grotesque.

As we said before, 1,500,000 people NOW READ this great newspaper. It is the wonder of New England, not only because of its tremendous circulation and its large reading family, but because each issue costs \$10.00 to produce.

And you get this for a few cents.

We urge all readers of the Evening AMERICAN to get a copy of to-morrow's Sunday issue. Join the greatest family of newspaper readers in New England.

No happening is too large for the AMERICAN to handle in superb style. No happening of interest is too small to be printed.

And for the women who like to read not only news, but special articles, there is the great display of advertisements of the department and other stores in Boston.

We urge our readers to study these advertisements. Even if you do not wish to purchase, study of the advertisements is a liberal education. These advertisements are prepared by very high-salaried men—men of unusual business and literary ability.

There is something for everybody in the AMERICAN—pages of financial news, automobile news, five pages of society news, two pages of dramatic news, a page of operatic and musical news, news about churches, the very latest news about all the Catholic societies and clubs—in fact, there is no field, however small, left uncovered.

There will be presented in to-morrow's issue of the Sunday AMERICAN some unusual features. You should not miss them. You simply cannot afford to be out of touch with the times.

Join the AMERICAN's great family of 1,500,000. The Sunday AMERICAN is the best newspaper bargain ever offered anywhere.

Those Who Laugh at a Drunken Man

Copyright, 1911, by American-Journal-Editor

How often have you seen a drunken man stagger along the street?

His clothes are soiled from falling. His face is bruised, his eyes are dull. Sometimes he curses the boys that tease him. Sometimes he tries to smile, in a drunken effort to placate pitiless, childish cruelty.

His body, worn out, can stand no more, and he humbles that he is GOING HOME.

The children persecute him, throw things at him, laugh at him, running ahead of him.

GROWN MEN AND WOMEN, TOO, OFTEN LAUGH WITH THE CHILDREN, nudge each other, and actually find humor in the sight of a human being sunk below the lowest animal.

The sight of a drunken man going home should make every other man and woman sad and sympathetic, and, horrible as the sight is, it should be useful by inspiring in those who see it a determination to avoid and to help others avoid that man's fate.

That reeling drunkard is GOING HOME.

He is going home to children who are afraid of him, to a wife whose life he has made miserable.

He is going home, taking with him the worst curse in the world—to suffer bitter remorse himself after having inflicted suffering on those whom he should protect.

AND AS HE GOES HOME, MEN AND WOMEN, KNOWING WHAT THE HOME-COMING MEANS, LAUGH AT HIM AND ENJOY THE SIGHT.

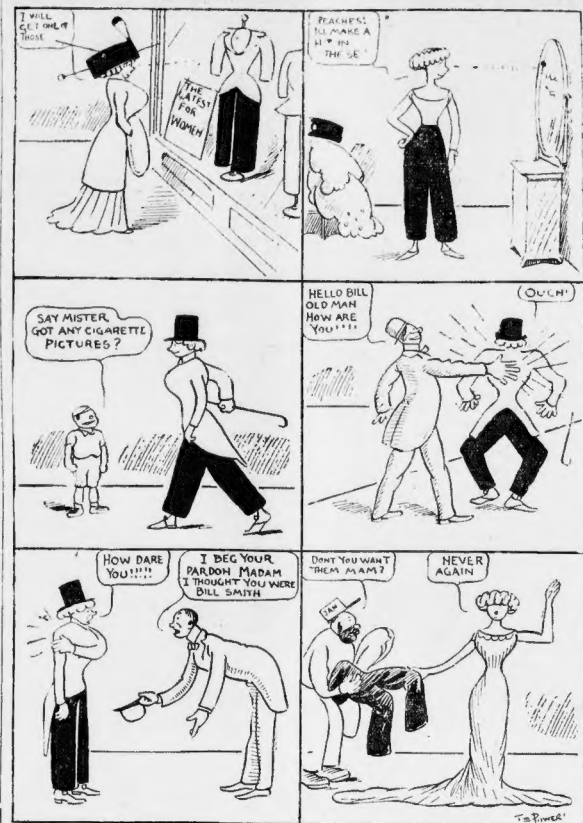

In the old days in the arena it occasionally happened that brothers were set to fight each other. When they refused to fight they were forced to it by red-hot irons applied to their backs.

We have progressed beyond the moral condition of human beings guilty of such brutality as that. But we cannot call ourselves civilized while our imaginations and sympathies are so dull that the reeling drunkard is thought an amusing spectacle.
